**Glass: Hand Blown Technical Glass**

Inspired by the versatility and texture of surface-patterning and the way in which it catches light, the delicate hand-blown crystal cylindrical pieces are cut with clean, clear lines. With components arranged in series and joined by polished champagne-gold finished connections that emit light, Cipher's overall linear form creates a poetic visual rhythm. Regardless of the configuration, there exists an inherent simplicity and earnestness in the effect of light playing off these delicate, perfectly etched glass cylinder

NAME	Dia (mm/inch)	H(mm/inch)	Dia ( mm/inch)	V (mm/inch)
Cipher Table Lamp S	314/12 3/16"	326/13"	-	-
Cipher Table Lamp L	314/12 3/16"	646/25 9/16"	-	-

## TECHNICAL DETAILS C. TABLE LAMP S

Type	CE	UL
Light source	2x LED module, 1.5 W, 2850-3000 K CRI 90 Dimmable	
Input voltage	220-240 VAC, 50/60HZ	100-120V AC, 50/60 HZ
Rated Power	3W	
Ballast	NON-Dimmable	
Primary material	stainless steel, titanium champagne coating	
Cord Color	Coaxial cable 2 x 0,75 mm 2 silicone, braiding tinned	
Cord Length	2500mm/ 98 7/16"	
Prot. rating	IP 20	
Safety class	CLASS I
